From the East

Are you a source of light, or of darkness?

We create our own reality. What we expect from life is what we receive. If we expect and look for the trouble, disagreement, and negativity in situations that is what we are sure to find. If however, we expect and look for the good, cooperative, and positive outcomes in situations that is what we will experience.

Life cannot, and does not always go smoothly. We cannot appreciate the good times and the joys that life brings without the rough times and the sadness that must cross our path on occasion. It is our response to these times that defines who we are.

Brothers, I am guilty of being a source of darkness. That is, in seeing and focusing only on the problems in lodge that I perceive need to be corrected. And in being privy to, and a part of, the occasional personality conflicts that are destined to arise in any group.

Yes, there are problems in every lodge. Yes, we do not always agree with, or get along with each other. This has always been, and always will be. But we cannot be negative about these difficulties. Our negative thoughts are like a cancer which spreads and weakens us, and those around us, emotionally, physically, and spiritually.

It is easy to fall into the trap of negativity or darkness.

But, with effort on our part, and the assistance of the G.A.O.T.U., we can instead choose to open our eyes to the light. My Brothers, that light is Brotherly love. Love is being positive and expecting the best life has to offer. Love is knowing that, although our human frailties will result in disagreement, where there is hope and understanding there can be the peace and harmony to work together towards a common goal.

So, for the sake of the Fraternity and your well-being, I urge you to make the commitment to change your life, to become a source of Masonic Light, that, like the Sun in the heavens, all the world can see.

I would like to personally thank all of those who made my installation as Worshipful Master a memorable one.

Sincerely,

George

RW George Lavelle

Worshipful Master

Masonic Tidbits:

ROYAL ARCH MASONRY

The oldest minutes of Royal Arch Masonry discovered are those of Fredericksburg Lodge, Virginia, Dec 22, 1753, and the earliest records in England of 1758. The Royal Arch is now the most popular and universally practiced of the so-called higher degrees. The earliest recorded reference to it so far discovered was found in 1743, when the master of the lodge at Youghai, Ireland, was preceded by "the Royal Arch carried by two Excellent Masons."

Lodges of the 5th District

Peninsula Lodge

Master's Breakfast & Ritual Practice

The Officers of Secaucus-Hudson Lodge #72 hold ritual rehearsals every Sunday in our lodge (right after our customary breakfast.). We welcome all our brethren throughout the district and state, to come practice any piece of the ritual.

Attention Brothers!!!!

**Breakfast at the lodge is from 8am to
9:30am.**

Rehearsals begin promptly at 9:30am
